PREFACE

This report is one in a series on Soviet Ground Force and Logistic installations being prepared for a DIA/CIA Panel. The series is being coordinated, published and disseminated by NPIC. The photographic analysis is being performed by the NPIC Photographic Analysis Group, the CIA Photographic Intelligence Division (NPIC), and the Production Center 1P1c (DIA). The photographic analysis for this particular report was performed by the Production Center 1P1c.

In the interest of uniformity, the titles and letter designators for the facilities observed at these installations are identical with those appearing in the project requirement. When a specific facility is not observed both its title and letter designator are omitted in the report.

Titles and letter designators for the various facilities are as follows: (A) railroad service, (B) road service, (C) landing strips, (D) administrative and troop housing areas, (E) storage areas, (F) ammunition storage areas, (G) POL storage areas, (H) other buildings and facilities, (J) equipment storage/maintenance areas, (K) athletic fields, (L) small arms firing ranges, (M) driver training areas, (N) tank/assault gun firing ranges, (P) flat trajectory firing ranges, (Q) artillery emplacements (batteries), (R) infantry or combined arms field training areas or courses, (S) special training facilities, (T) unidentified facilities or tracking activity.

SUMMARY

A small probable military barracks area covering 35 acres is located in the southwestern corner of Vinogradov, immediately south of the Korolevo-Beregovo rail line.

The installation contains three multistory barracks, three multistory administrative buildings, seven dependents/officers quarters, six support buildings, 15 storage buildings, and two motor vehicle sheds.

No change in facilities was observed between [REDACTED]. All earlier photographic coverage was obscured by heavy haze or cloud cover. No training facilities were located within a 15 kilometer (km) radius; however, training areas were found 25 km east at Khurst and 35 km west at Beregovo. The area possibly holds an infantry regiment.

DESCRIPTION OF INSTALLATION

Railroad Service

A main rail line with two tracks passes the installation but does not enter the area.

Road Service

Good all-weather roads serve the installation.

Administrative and Troop Housing Areas

Area D contains three multistory barracks, three multistory administrative, seven depend-

ents/officers quarters, six support, and 15 storage buildings.

Equipment Storage/Maintenance Areas

Area J contains two 215- by 40-foot motor vehicle sheds and one 160- by 40-foot motor vehicle shed, all used for storage.
